

SOUTH FLORIDA WATER MANAGEMENT DISTRICT ORDERS MANDATORY WATER RESTRICTIONS DUE TO REGIONAL WATER SHORTAGE

The South Florida Water Management District (SFWMD) has declared that a water shortage is in effect for Palm Beach County and ordered mandatory water restrictions beginning March 26, 2011. This order limits landscape irrigation to two (2) days per week for residential and business properties within the City of Delray Beach and Palm Beach County.

Restrictions apply to all water from traditional sources including water from public utilities, private wells, canals, ponds and lakes. Landscape irrigation using reclaimed water is not restricted. However, all residents and businesses are encouraged to conserve water voluntarily. Helpful water conservation tips are available at www.savewaterfl.com.

Due to the SFWMD's order to mandate water restrictions, the City's Code (Sec. 52.34. Water Rates.) provides that an automatic surcharge of 15% shall be added to the commodity charge for all potable water used in excess of 15,000 gallons per month when the SFWMD imposes Modified Phase I & II Moderate Water Shortage Restrictions. This automatic 15% surcharge took effect on March 26th and was included in the City's April 2011 utility billing cycle. The surcharge will continue until the SFWMD Governing Board modifies and/or rescinds the water restrictions order.

NOTE: All Delray Beach residents that receive reclaimed water from the City, including golf courses and various residential/commercial properties on the barrier island and within the southwest area of the City (south of Atlantic Avenue and west of Congress Avenue), are exempt from these restrictions.

Highlights of the SFWMD's Water Restrictions Include:

Existing Landscaping

- Watering is not allowed between 10:00 am and 4:00 pm.
- Residents and businesses with **odd-numbered** street addresses may water lawns and landscapes on **Wednesdays and Saturdays** from 12:00 am to 10:00 am and/or from 4:00 pm to 11:59 pm.
- Residents and businesses with **even-numbered** street addresses, no street address or those that irrigate both even and odd address within the same zones, including multi-family units and homeowners associations, may water lawns and landscapes on **Thursdays and Sundays** from 12:00 am to 10:00 am and/or from 4:00 pm to 11:59 pm.
- For the most efficient use of water, residents should avoid irrigating during both time periods on the same day.

New Landscaping, Sod or Other Plantings

- New landscaping can be watered without regard to restrictions on the first day it is installed.
- Landscaping that has been in place from **2 days to 30 days** can be watered on **Mondays, Tuesdays, Wednesdays, Thursdays, Saturdays and/or Sundays** during the hours allowed for regular landscape irrigation.
- Landscaping that has been in place from **31 days to 90 days** can be watered on **Mondays, Wednesdays, Thursdays and Saturdays** during the hours allowed for regular landscape irrigation.
- Additional watering days can only be used to benefit new landscaping. An entire irrigation system zone may only be watered if it contains at least 50 percent new landscaping.

Applying Lawn Maintenance Products

Watering-in fertilizers, insecticides, pesticides, fungicides and herbicides is allowed for one application unless specified by the manufacturer. Watering-in is allowed only during the established watering days and times unless a professional licensed applicator has posted a temporary sign with the date of the application and the date of needed watering-in.

VIOLATION of SFWMD'S WATER RESTRICTIONS MAY RESULT IN FINES STARTING AT \$100.

For additional information on the water shortage, irrigation restrictions and/or water conservation, call the SFWMD's toll-free Water Conservation Hotline at (800) 662-8876 or visit www.sfwmd.gov.

PROJECTS, UPDATES & REMINDERS

2011 Summer Camp Registration Open - Registration is now open to residents and non-residents for the City's 2011 Summer Camp, an eight (8) week program (at Pompey Park and the Community Center) that begins on Monday, June 13th. By enrolling children early, parents are able to take advantage of the City's four (4) payment installment plan. Registration will take place Monday through Friday, between 9:00 am and 5:00 pm, at the Delray Beach Community Center, 50 NW 1st Avenue. The cost per child (ages 5 to 12) is \$500 for Delray Beach residents and \$525 for non-residents. Discounts are available for multiple children. Full payment (cash, credit card or check) is due prior to the camp's start date. For more information, please contact Tonya Smith at (561) 243-7249 or by E-mail at smithtc@mydelraybeach.com.

Fire-Rescue Offers CERT Training - Delray Beach Fire-Rescue is gearing up for a new Community Emergency Response Team "CERT" class and all Delray Beach residents and business owners are welcome to attend this free disaster response team training. CERT provides the tools to effectively report hazardous situations and to administer basic first aid in the event of a natural disaster and/or terrorist event until Fire-Rescue can arrive. CERT classes will be held on June 1st, 8th, 16th, 22nd, 29th, July 13th, 19th, 26th from 6:00 pm - 9:00 pm at the Delray Beach Fire-Rescue Headquarters, located at 501 West Atlantic Avenue. There is no charge for this class and Fire-Rescue only asks for a commitment to complete the eight (8) scheduled sessions. Applications are available at Fire-Rescue Headquarters or online at www.mydelraybeach.com by selecting *Fire-Rescue* under *Departments*. For more information, contact Lt. Curtis Jepsen at (561) 243-7456 or E-mail jepsen@mydelraybeach.com.

CCMS "Operation: Money Makeover" Contest - Local area families and individuals are encouraged to participate in "Operation: Money Makeover", a free contest sponsored by Consumer Credit Management Services (CCMS) in association with the City of Delray Beach. CCMS, an approved Housing and Urban Development (HUD) local non-profit organization, introduced "Operation: Money Makeover" to raise awareness on the importance of being "financially fit". A series of free educational seminars and workshops will be offered to the public through April 2012 to teach participants how to manage their finances, reduce debt and increase savings. All seminars and workshops are free and open to the public, however, contest participants who attend will earn points towards winning the top prizes. At the end of the twelve (12) month contest, the top three contestants who successfully demonstrate improved money management will be eligible to receive: 1st Prize - \$2,500 Savings Bond, 2nd Prize - \$1,000 Savings Bond and 3rd Prize - \$500 Savings Bond. "Operation: Money Makeover" registration forms are available online at www.operationmoneymakeover.org, by phone at (561) 454-5678 and at the CCMS Office, 315 NE 2nd Avenue, Delray Beach. For more information, visit www.operationmoneymakeover.org or call (561) 454-5678.

Delray Beach Municipal Marina Designated as a "Clean Marina" - The Florida Department of Environmental Protection's Clean Marina Program and the Clean Boating Partnership have designated the Delray Beach Municipal Marina, located at 159 Marina Way, as a "Clean Marina". This prestigious honor recognizes that the City utilizes innovative solutions to protect the environment at this twenty-four (24) slip marina and boatyard during its daily marine operations as well as in emergency situations (i.e. fuel spill, hurricane preparedness and stormwater management). For more information, please contact Alberta Gaum-Rickard, Parks and Recreation Superintendent, at (561) 243-7136 or E-mail guam@mydelraybeach.com.

City Partners with EPA in WasteWise Program - The City of Delray Beach has become an active partner of WasteWise, a voluntary program dedicated to reducing and recycling solid waste and selected industrial materials. WasteWise, a program established by the Environmental Protection Agency (EPA) in 1994, promotes innovative and successful approaches to waste reduction by providing free technical assistance and web-based data management access to its partners. Delray Beach continues to thrive as a "green" community by implementing sustainable practices that are environmentally friendly and cost effective. For more information on the WasteWise program, visit www.epa.gov/waste/partnerships/wastewise.
